This is your brain on bias... or, the neuroscience of bias

Kathy A. Bobula, Ph.D.

July 2011

On May 3, 2011, I presented this lecture as part of the Clark College Faculty Lecture Series in Vancouver, Washington.

http://www.clark.edu/video/faculty_speaker/DrKathyBobula/index.php

It is about an hour and 15 minutes in length and includes the power point slides that I used.

I want to thank Scott Root for doing the video recording.

Kathy Bobula, Ph.D.
